

“Cut for Christmas by Laura”

I do all of the cutting and all you need to do is fold, stamp, and assemble! This is a great way to get those cards done quickly during such a busy time of the year! All cards will be sold in increments of 20. The packet will include all of the pre-cut pieces you will need for the card, envelopes, a color photo, and instructions. You will need the stamps, ink, clear blocks, and adhesive.

*Adhesive and Clear Blocks not included.

*The Star Light Card includes heat embossing of the swirl in the background. In order to complete this card like it is shown, you will need to have the following heat embossing tools – Heat Tool (129053), Silver Embossing Powder (109131), and VersaMark Ink (102283)!
